New Product Announcement

Dear Customer,

We are pleased to announce we have a new Supplemental Type Certificate (STC) available for purchase. You will find details in the attached press release.

Since it is newly released, you will not find it on your current price sheet. You will find information below that will allow you to update your system accordingly.

Part Number:	10044362						
Description:	Airlift STC 10044362 Eurocopter Models AS350B, -BA, -B1, -B2 & -B3						
Suggested Retail:	\$856.95 USD						
Distributor Net:	\$599.87 USD						
Minimum Buy:	1 (one)						
Lead time:	3 business days						
ECCN:	EAR99						
Hazardous:	No						
Notes:	<table border="1"><tr><td>1</td><td>This STC is a document only meaning there are no kit parts included. It covers the installation of one (1) OR two (2) RG-350 batteries OR one (1) RG-355 to replace the existing nickel-cadmium battery(ies). Contact our Customer Service Dept. for more details if needed.</td></tr><tr><td>2</td><td>An STC information request form must be completed when the order is placed. Contact Concorde if a copy of this information form is required.</td></tr><tr><td>3</td><td>There are no drop ship fees or minimum order requirements on STC paperwork or kits.</td></tr></table>	1	This STC is a document only meaning there are no kit parts included. It covers the installation of one (1) OR two (2) RG-350 batteries OR one (1) RG-355 to replace the existing nickel-cadmium battery(ies). Contact our Customer Service Dept. for more details if needed.	2	An STC information request form must be completed when the order is placed. Contact Concorde if a copy of this information form is required.	3	There are no drop ship fees or minimum order requirements on STC paperwork or kits.
